IN ILLINOIS FEUD CAUSED BY FLOOD

Sheriff and Two Deputies Ambushed and Slain by Railroad Workers.

REARDSTOWN, Ill., April 29 (Ascated Press) .- Out of the wors ood in its history into the greatest cotting affray this vicinity ever has experienced, the City of Beardstown and the Village of Frederick, separated by the flooded Illinois River, were joined at dawn to-day in an at- ward; selling, six furlongs. tempt to exact jurilog for the killing at Frederick last night of Sheriff Edward Lashbrook and two deputies of

Schuyler County.

The deputies were Carl Neff, who died two and one-half hours after the shooting, and Frank Utter, who, with the Sherin, was killed instantly. The shooting was done by a gang f Greek railroad section hands who ceived their pay yesterday and set out to celebrate. A general fight reulted and the Sheriff and his men were appealed to to quell the trouble wenty-eight of the gang were arsted, but eight escaped.

Maintenance of way workers, three ceks ago, when flood water was at is highest, were ordered out of Since then they were harged with nightly trouble-making at Frederick, where they were brought by the railroad to repair tracks damaged by flood water. Sheriff Lashbrook and three deputies arrived last night to arrest some of them and warn the others to be peaceful.

A volley heard across the flooded river rang out as the quartet stepped from the train to the station platform. Three of the four fell. Deputy J. L. Kelly felt the whizz of bullets and umped to safety behind a corner of ne station. From that point, he says e saw the men in a body rush to the ... B. and Q. passenger train, which called into the station from the North, as the shooting ceased. Some others ran in the opposite direction. Guards about the place immediately were doubled, and then quadrupled. A guard was put at the C. B. & Q bridge to stop every person and another guard was sent to the section gang in the Beardstown yards. Every precaution was taken, the Chief said, o prevent violence, which it was feared might follow when Beardstown citizens learned the prisoners were the naintenance of way workers.

In Frederick, meanwhile, Schuyler County authorities were working fast. Coroner Fred Harvey and State At-torney Morning arrived from Rush ville and preparations were made for an immediate inquest. Six men were btained for a jury.

Fired by the death of his chief and both fellow deputies, Deputy Kelly asked that the inquest be postponed and that he be allowed to turn all his energy to getting the men still at large. He headed a posse which killed one man outside Frederick at 2.30 this morning. Another was arrested at Browning, five miles up the river. A quantity of cartridges and a razor were found in his pockets
